INTRODUCTION

The Aquarius Mini Expander adds versatility to your Aquarius™ Home Computer System. You can use a game or program cartridge (sold separately) at the same time with a memory cartridge. Or you can use either separately. The two separate ports on the Mini Expander give you these options. Insert a program or game in the front port. Insert the 4K or 16K memory cartridge in the back port.

The Mini Expander also adds two more sound channels for audio enjoyment and game excitement. Two hand controllers are included for game play! Each controller has a 16 position disc and 6 action buttons.

UNPACKING

Your Aquarius™ Mini Expander is packaged as follows:

- Mini Expander
- 2 Hand Controllers (each has detachable 8' coiled cord)
- Instructions

SET UP THE MINI EXPANDER

1. Make sure the Aquarius™ unit is turned OFF.
2. Simply slide the Mini Expander into the Aquarius cartridge port.

3. Insert a hand controller plug into one hand controller outlet. Repeat with the other hand controller. When you want to remove either hand controller, hold the plug and gently pull it out.

4. Turn Aquarius ON and you can now use either the front or back ports or both simultaneously.

INSTALL CARTRIDGES

Memory cartridges: The back memory port is designed to accept either the 4K or 16K memory cartridge. Each memory cartridge adds to the 4K memory built into the Aquarius unit. The 4K memory cartridge gives you 8K of memory. The 16K cartridge gives you 20K. Both memory cartridges store information only as long as the power is ON. For permanent program storage, you must use a cassette player, or other permanent storage device.

Program & game cartridges: The front program/game port is designed to accept a program or game cartridge. When playing games, the hand controllers add to the excitement. There are easy-to-insert overlays, 16 positions on the disc, and 6 action buttons!

IMPORTANT: Be sure to put the memory, program & game cartridges into the correct ports!

90 DAY LIMITED WARRANTY

Mattel Electronics warrants to the original consumer purchaser in the United States of its Aquarius Mini Expander that the product will be free of defects in material or workmanship for a period of 90 days from the date of purchase under normal in home use.

During the warranty period Mattel Electronics will, at its sole option, repair or replace the product without charge for parts or labor when the product is returned postage prepaid to a Mattel Electronics authorized service facility with proof of the date of purchase.

Mattel Electronics strongly recommends that if the product is to be shipped to a Mattel Electronics service facility that the product be insured prior to shipment. Mattel Electronics reserves the right to utilize reconditioned parts in repairing the product or to utilize reconditioned units in replacing the product.

Please read the Mini Expander Instructions thoroughly prior to operation of the product. If you have difficulty or require service assistance, please call the Mattel Electronics Service Information number listed below for assistance.

800-421-2928

California, Alaska or Hawaii Residents must call **213-978-6089** Direct/Collect

This warranty excludes incidental or consequential damages resulting from the product or use of the product. (Some states do not allow the exclusion of incidental or consequential damages, so the foregoing exclusion may not apply to you.) This warranty gives you specific rights and you may have other rights which vary from state to state.

Units returned without proof of the date of purchase or units returned after the 90 day limited warranty period has expired will be repaired or replaced (at

our option) for a service charge. Contact the following toll free telephone number to obtain the location of the nearest service facility and the amount of the service charge.

If you need service or assistance contact the toll free Service Information number below:

800-421-2928

California, Alaska or Hawaii residents must call **213-978-6089** Direct/Collect

This warranty does not apply if the product has been altered, modified, or serviced by anyone other than an authorized Mattel Electronics service facility or if the product has been subjected to purchaser abuse, accident, negligence, or damage subsequent to purchase.

You may write us, but DO NOT SEND PRODUCT FOR REPAIR, at the following address: Mattel Electronics, 5000 W. 147th Street, Hawthorne, CA 90250.
